IT CANNOT BE DENIED.
FOR truth is mighty, that Dr. LEIDY'S SARSAPA-
RILLA is the purest, strongest, and most efficacious
of any other preparation of Sarsaparilla that is made.
It is warranted to be stronger than six bottles of
most others, stronger than four of some, and stronger
than three of the strongest prepared by any other in
the United States.

Dr. Leidy's Sarsaparilla is recommended by all
respectable physicians in preference to any other.
All who have ever used it have derived more benefit
from one bottle than three to ten of others; and
those who, after having used other preparations with-
out benefit, will use Dr. Leidy's, will soon be con-
vinced (as thousands have already been) of the fore-
going assertion.

The apparatus with which Dr. Leidy's extracts,
used in his preparation of Sarsaparilla as prepared, is
the only one in the United States, imported by Dr.
Leidy himself, from the celebrated house of Pelletier
& Caventou, in Paris, at a great expense, and is ca-
pable of extracting the medicinal virtues of Sarsapa-
rilla and other roots more effectually than by any
other process.

As several hundred certificates of remarkable
cures, and recommendations from clergymen and
physicians have been from time to time published in
different papers, it is only thought necessary to keep
the public acquainted as to where Dr. Leidy's Sarsapa-
rilla can be obtained genuine, namely, at L. R.
Leidy's Health Emporium, 191 North Second street,
near Vine street, (sign of the Golden Eagle and Ser-
pents), Fred. Brown's, James Bond's, and Fred.

DR. TAYLOR'S BALM OF LIVERWORT.
prepared at 375 Bowery, New York, is justly
celebrated as the most wonderful curative of pulmo-
nary diseases in the whole range of pharmacy, some
of our most respectable physicians use it in their prac-
tice, prescribing it as the best of all remedies for pul-
monary complaints and physical debility, and they
unhesitatingly recommend it to be kept in every
family of a consumptive tendency. It is universally
received as one of the standard medicines of the day.
The great merit of Dr. Taylor's Balm is, that in all
cases of pulmonary complaints it gives immediate re-
lief. A single bottle will, in most cases, reveal its
astonishing virtues, and open at once the fountain
of health and strength to the afflicted. Read the fol-
lowing certificate:

"Being constitutionally predisposed to Consump-
tion, (a number of my family having died with this
disease) and having suffered from irritation of the
Lungs, accompanied with cough and raising matter
and blood, together with severe pain in my side and
breast, till I was supposed to be beyond recovery, I
was induced by advice of Dr. Perkins, as a last re-
sort, to try 'Taylor's Balm of Liverwort.' I have
taken five bottles in all. I began to improve with the
first bottle, and while taking the third, was so far re-
covered as to be able to get about. Since which time,
by continued use of it, I am quite restored, and
able to attend to my usual business. To persons suffer-
ing from coughs and affections of the Lungs, I do
earnestly recommend it."

DYSPEPSIA.—To soothe the sufferings of humani-
ty, to ameliorate the pangs of disease, is the
grand object of medical science. This is efficiently
demonstrated in the healing virtues of DR. BENJA-
MIN BRANDRETH'S PILLS. The cures effected
by this medicine would fill volumes.

Views on indigestion as a source of undefined and
irregular Nervous Sensations.

"I, small at first, grew larger from delay,
And slowly eat their sad and cankering way;
Thus by successive throes, the frame is torn,
Till health and peace of mind alike are gone."

The nerves of the human body—those necessary and
mysterious agents which immediately connect man
with external nature—are singularly prone to have
their functions disordered by an oppressed condition
of the stomach; the minute termination of that por-
tion of the nerves expanded upon the organs of diges-
tion conveying the morbid impression to the Brain.—
And although the Head can, undoubtedly, like other
organs, be the seat of primary disorder, yet, in the
great majority of cases, the uneasy sensations there
experienced are symptomatic of disordered stomach;
and, further, there is abundant evidence to prove that
cruditates in the stomach and bowels can, in every
grade of human existence, give rise to spasmodic ac-
tion in every organ of the body; and to what we sur-
vey it in the agonizing form of the Tic Doloréux—or
the alarming convulsions of the Epileptic seizure—or
in the irritable condition of the nerves of the heart
occasioning nervous palpitation—they can all fre-
quently be traced to the source above mentioned,
and be cured by mild evacuant and tonic remedies.
To relieve a state of so much suffering and distress
in which body and mind also participate) BRAND-
RETH'S PILLS are confidently recommended; as,
by combining aromatic tonic and cleaning properties,
they remove all oppressive accumulations, strengthen
the stomach, induce a healthy appetite, and impart
tranquility to the nervous system; and in fact, by
their general purifying power upon the blood, exert
a most beneficial influence in all cases of disease.—

DYSPEPSIA CURED.
BENNINGTON, Vt. Dec. 5th, 1843.
Dear Sir:—I wish to add my testimony to the host
of others that you have in favor of your valuable pills.
In the year 1838, I was attacked with that disagre-
able complaint the Dyspepsia, which so affected me
that I could not take a particle of food, without the
most unpleasant and uncomfortable sensations in my
chest, head and bowels. My chest was so sore that I
could not bear the slightest pressure without giving
me pain. My health was most miserable; many
physicians told me they thought I was in the consump-
tion, and that if I did not give up my business, and
change climate, I could live but a short time.

I tried every thing in the shape of medicine, and
consulted the most skillful physicians, but found no
permanent relief. I became discouraged, gloomy,
sad, and sick of life; and, probably, ere this, should
have been in my grave, had I not felt in with your
precious medicine. A friend of mine, who had been
suffering of the same complaint, advised me to try your
pills; but having tried most other medicines without
obtaining any relief, had but little faith that your pills
would be of benefit to me; but, at his earnest solici-
tation, I procured a box and commenced taking them.

The first box produced little or no effect, and I be-
gan to despond, for fear that your medicine would
prove like others I have taken; but my friends argued
that one was not a fair trial, and I purchased a second,
and before I had taken the whole box I began to
experience a change! the pain in my chest began to be
less painful, and my food did not distress me so much
as formerly. I went on taking them until I had taken
six boxes, and my Dyspepsia was cured, and my ex-
pectation of an early death vanished, and I felt like
a "new creature." I was then, and am now a
healthy man. I have never since been troubled with
the Dyspepsia. I have administered your pills to the
members of my family, and to my friends, and in all
cases with good success. You can publish this in all
it will be of any use to you. I am, dear sir, truly yours,

THE WONDERFUL CURES

Per-
form-
ed by Dr.
SWAYNE'S
Compound Syrup
of Wild Cherry,
in Pulmonary CONSUM-
TION, have excited the as-
tonishment of all who have wit-
nessed its marvellous effects; there is
no account of a medicine, from the earliest
ages furnishing a parallel; the almost
miraculous cures effected by this
extraordinary medicine, are un-
precedented. One among
the many certificates
may be seen
below.

CINCINNATI, Feb. 15, 1840.

DR. SWAYNE.—Dear Sir:
PERMIT me to take the liberty of writing to you
at this time to express my approbation, and to
recommend to the attention of heads of families and
others your invaluable medicine—the Compound
Syrup of Prunus Virginiana, or Wild Cherry Bark.
In my travels of late, I have seen, in a great many
instances, the wonderful effects of your medicine in
relieving children of very obstinate complaints, such
as Coughing, Wheezing, Choking of Phlegm, Asthma-
tic attacks, &c., &c. I should not have written this
letter, however, at present, although I have felt
it my duty to add my testimony to it for some time,
had it not been for a late instance where the medi-
cine above alluded to was instrumental in restoring
to perfect health an "only child," whose case was
almost hopeless, in a family of my acquaintance. "I
thank Heaven," said the doating mother, "my child
is saved from the jaws of death!" and I now say and
believe that, beyond all doubt, Dr. Swayne's Com-
pound Syrup of Wild Cherry is the most valuable
medicine in this or any other country. I am certain
I have witnessed more than one hundred cases where
it has been attended with complete success. I am
using it myself in an obstinate attack of Bronchitis,
in which it proved effectual in an exceedingly short
time, considering the severity of the case. I can re-
commend it in the fullest confidence of its superior
virtues; I would advise that no family should be
without it; it is very pleasant and always benefi-
cial—worth double, and often ten times its price. The
public are assured there is no quackery about it.

TO promote the health of the body and increase
the tranquility of the mind, are among the
most important objects for which man lives, and for
which the sages of antiquity labored with incessant
and unremitting toil. The constitution of man was
their study, in order to discover the seat of his mal-
adies, and source of all his corporeal misery. To al-
leviate the drooping spirits, to inspire confidence to
the desponding mind, and ease the sorrowed heart,
all the arts and arguments of their philosophy and
powers of reason were turned. Among the varied
branches of worldly learning, there can be none
equal in importance to that of the Healing Art, for
the soul in a diseased body may be aptly compared
to the martyr in his dungeon, which retains its real
value, but has lost its usefulness. Many or most dis-
eases have their origin in an impure or impoverished
state of the blood, and this being a fluid sui generis,
extending to the most minute ramifications of the
system, the subtle poison is infused, and the seed
being sown brings forth fruit in abundance; in one
instance, causing a swelling of the glands, resulting
in Scrofula or King's Evil—in another, ossification
of the arteries, or turning them into bone; also, rheu-
matism, and disease of the heart, cutaneous eruptions,
diseases of the liver, and a variety of other mal-
adies, which soon hurry their victim to the grave.
Sands's Sarsaparilla, a purely vegetable medicine,
which is the result of years of labor and chemical
research, in bringing it to its present state of perfec-
tion, will arrest, and, if timely administered, per-
fectly cure these diseases, by purifying the vital fluid,
regenerating the constitution, dispelling diseased
action, giving tone to the general energies of the sys-
tem, and enabling the blood to course on freely, and
bringing with it health and renewed vigor.

The following are extracts from letters recently
received, and specimens of those coming to hand daily:

GALLATIN, Tenn., Feb. 27, 1844.

Messrs. A. B. & D. Sands.
Gentlemen: I have just received a letter from my
father in Russellville, Ky., who wishes to purchase
some of your Sarsaparilla. I have no doubt he can
be the means of selling a great deal, as it has per-
formed a wonderful cure in his family. Last De-
cember I was sent for to see my sister before she
died, she having been in poor health for some two or
three years, and at the time I went over to see her,
she was at the point of death with the scarlet fever
and a cancerous affection of the bowels, from which
her physician thought she could not possibly recover.
I carried over with me a bottle of your Sarsaparilla,
and with the consent of her physician, she com-
menced taking it that night. I remained with her
three days, and left her rapidly improving. Her
husband sent a boy home with me for more of the
Sarsaparilla. I sent one dozen bottles, which I be-
lieve will effect an entire cure. My father writes
me to that effect, and wishes through me to procure
an agency for selling your valuable medicine in that
neighborhood. Respectfully, J. M. OWENS.

NEW YORK, Dec. 1, 1843.

Messrs. Sands.
Gentlemen: Parental feelings induce us to make
the following statement of facts in relation to the
important cure of our little daughter, wholly effected
by the use of Sands's Sarsaparilla. For nearly three
years she was afflicted with a most inveterate erup-
tion on the body, which at times was so bad, connect-
ed with internal disease, that we despaired of her
life. The complaint commenced in the roots of the
hair, and gradually spread until the whole head was
enveloped, and then it attacked the ears, and ran down
the neck, and continuing to increase, until it covered
the most of the body. It commenced with a small
pimple or pustule, from which water at first dis-
charged; this produced great itching and burning;
then matter or pus formed, the skin cracked and
bled, and the pus discharged freely. The sufferings
of the child were so great as almost wholly to pre-
vent natural rest, and the odor from the discharges
so offensive, as to make it difficult to pay that particu-
lar attention to the nature of the case required. The
disease was called Scald Head and general Salt
Rheum. We tried various remedies, with little ben-
efit, and considered her case almost beyond the reach
of medicine; but from the known virtue of your
Sarsaparilla, we were induced to give it a trial.

Before the first bottle was all used, we perceived
an improvement in the appearance of the eruption;
but the change was so rapid for the better, that we
could scarcely give credence to the evidence of our
own eyes. We continued its use for a few weeks,
and the result is a perfect cure. To parents we
would say—If you have children suffering with any
disease of the skin, use Sands's Sarsaparilla. With
feelings of gratitude and respect, we are yours, &c.
ELIHU & SARAH SOUTHWAY,

ELIZABETHTOWN, N. J., Dec. 2, 1843.

Messrs. Sands.—Gentlemen: It is with heartfelt
gratitude for your kindness to me that I make a pub-
lic acknowledgment of the benefit I have received
from your Sarsaparilla. I have been for many years
afflicted with a cancer in the breast, and for four
years it was as I thought, incurable; it spread very
fast, so that it had nearly covered the whole breast,
and for many weeks I was so reduced with the loss
of blood and the pain of the wound, that I was un-
able to turn myself in bed, and my sufferings during
the whole winter were more than I can tell. With
the advice of my friends, I called two of the most
eminent physicians of the place, who recommended
my preparation of Sarsaparilla, knowing of nothing
that would be as likely to help me; which advice I
readily received, and before I had taken one bottle, I
found a change in my feelings which induced me to
take more, and when I had taken the third bottle, I
was like another person both in health and strength.
I have taken your preparation since last March, and
although the wound is not entirely healed, it is in a
very favorable state, and I believe it will be the
means, ultimately, of my entire cure; and that the
afflicted may all find the relief which it alone can
give, is the wish of their and your friend,
EUNICE WOODRUFF.

its superior value and efficacy, see pamphlets, which

ASTONISHING AND TRUE.

AMONG THE THOUSAND MEDICINES adver-
tised as certain cures for pulmonary complaints,
JAYNE'S EXPECTORANT stands alone. Its path
to the public confidence has been paved, not with
puffs, but CURES; and the vouchers for its efficacy
include an array of names which, for character and
respectability, cannot be surpassed in this country.—
DR. JAYNE, being himself a Physician, does not
profess to perform physical impossibilities; but he
does assert, and is borne out by well authenticated
facts, that in all DISEASES OF THE LUNGS
and CHEST, which are susceptible of cure with-
out miraculous interference, his EXPECTORANT
will restore the patient to health. No other medi-
cine will remove the mucus or pus from the throat so
thoroughly as this. It effectually loosens the con-
gealed masses from the membrane which lines the tra-
chea, and at every cough the patient will bring up
portions of the disengaged matter. In all complaints
of the pulmonary organs, even where nature seems
to be making no effort to throw off the disease, JAYNE'S
EXPECTORANT imparts vigor to the machinery of
respiration, and enables them to disengage them-
selves of obstructions which had impeded their free
operation. It has restored hundreds to perfect health,
after their physicians had given them up as incurable
with CONSUMPTION. Coughs, Colds, Asthma, In-
fluenza, Bronchitis, Whooping Cough, in a word, all
diseases of a PULMONARY nature yield to this pre-
paration, if properly administered.

Rev. J. S. Maginnis, Professor in Hamilton (N. Y.)
Literary and Theological Seminary, says:

"I would not be without Dr. Jayne's Medicines
in my family for any consideration. I have found
them successful in cases where all other means have
failed."

Mr. Nicholas Harris, corner of Front and Lombard
streets, Philadelphia, was cured of COUGH, ASTH-
MA, and

BLEEDING OF THE LUNGS,
under which he labored for many years.

Rev. Ira M. Allen, of New York city, says:—"I
have used Jayne's Expectorant, and have more confi-
dence in it than

ALL OTHER MEDICINES

of the kind."
Rev. Wm. Laws, Modestown, Va. says:—"I have
used your expectorant, and found it an excellent medi-
cine for PULMONARY DISEASES."

Daniel Henshaw, Esq., Editor of the Lynn (Mass.)
Record, says:—"Jayne's Expectorant is a very valu-
able Syrup, which we have lately used with good ef-
fect in stopping a Cough and loosening and breaking
up a COLD."

Rev. Arthur B. Bradford, of Darlington, Pa., says
that it cured his son of CROUP in a few minutes.

The Bangor (Maine) Journal says:—"A trial of
Jayne's Expectorant will satisfy all that it is a speedy
cure for Coughs, Colds, Influenza, Asthma, Hoarse-
ness, and all kinds of Pulmonary affections."

Mr. Ebenezer Webster, of Providence, (R. I.) was
cured of a severe ASTHMA, by using two bottles.

Rev. Simeon Seigfried, was cured of Influenza, a
Hoarseness, and a hard dry Cough by one bottle.

Rev. Dr. Babcock, of Poughkeepsie, says that
knowing Dr. Jayne to be a regular Physician, and
having used his medicines personally and in his fam-
ily, does not hesitate to commend them as safe
and eminently useful medicines, and a valuable
addition to our Materia Medica.

Rev. John Segur of Lambertville, New Jersey,
who was suffering with a hoarseness and soreness of
the lungs and throat, and a suffocating Asthma, was
cured by one bottle.

Mr. J. L. Simpkins says that it cured his wife of
CONSUMPTION, and one of his children of the
WHOOPIING COUGH.

Rev. Jonathan Goring, D. D. President of Granville
College, Ohio, says:—"He was laboring under a severe
COLD, COUGH and HOARSENESS, and that he felt
himself in imminent danger of immediate suffocation,
but was perfectly cured by using this Expectorant."
Mrs. Dilks, of Salem N. J. was cured of Asthma of
20 years standing, by using two bottles of this medi-
cine. Mrs. Ward, also of Salem, was cured of the
same complaint by five bottles. Dr. Hamilton of St.
James, S. C. was greatly affected by a Cough, Hoarse-
ness, and soreness of the Lungs, and on using a bottle
of this medicine found permanent relief."

Lewis C. Levin, "the distinguished advocate of
Temperance, stated at a meeting of upwards of three
thousand persons, that he should not have been able
to address them, but for the use of Jayne's Expector-
ant." He said that he had been laboring under a
hoarseness and severe oppression of the chest, that he
had purchased some of the Expectorant the day be-
fore, which had relieved him in a few hours, and he
found himself, contrary to his own expectation, able to
address the multitude.

The proprietor could add hundreds of other names
equally respectable, who recommend JAYNE'S EX-
PECTORANT as superior to ALL OTHER MEDI-
CINES for the cure of all the various Pulmonary dis-
eases.

Prepared and sold by Dr. D. JAYNE, No. 20
South THIRD Street, Philadelphia, where all his
other valuable preparations may be obtained.

NO EXCUSE FOR A BALD HEAD.

Since the important discovery of DR. JAYNE'S
HAIR TONIC, every one may, if he chooses, pre-
serve his hair from falling off, or if already bald may
with certainty have his hair restored again by a faith-
ful and persevering application of this valuable HAIR
TONIC.

Please to read without prejudice the following
communication from the Philadelphia Sun, which in
addition to hundreds of others equally respectable
should remove the doubts of every reasonable per-
son of the uniform and singular efficacy of JAYNE'S
HAIR TONIC:

We publish the following letter from a sense of
duty to the public. It is just such a letter as we
should have expected from such a source. We know
Dr. Quigly personally, and there is no man in the
country, whose opinion is entitled to more respect.—
He is on all subjects honest and sincere, and his high
character as a Physician can be attested by the first
medical men in this city.—Philad. Sun.

Shepherdstown, Va. Oct. 10, 1843.

Dear Sir:—You inquire of me whether I have used
your Hair Tonic, and the effects.

Several years ago my hair began to fall rapidly
from the scalp, and I had the prospect of premature
baldness. During several years I used various pre-
parations recommended for the hair, from which I
derived no benefit. At length a friend recommended
your Hair Tonic. I used three or four bottles ac-
cording to the printed directions, and at the end of
six months, my hair was thick set, and since its ten-
dency to turn grey was arrested.

I have never before given a certificate, recommend-
ing patent medicines, which indiscriminately used,
as they often are, do much injury, but in a case like
the present, where I know the article to be beneficial
and that it can do no harm, I have no scruples in
stating facts within my own knowledge.

Yours, &c.
